INTERNSHIP EXPERIENCES

European Federation of Bilateral Chambers of Commerce, EFBC

New Media Operation Intern 06/2025 - 09/2025

- Conducted research on economic and trade hotspots in the Asia Pacific and Oceania regions, wrote policy analysis press releases on six countries, and evaluated their potential impact on global bilateral trade development
- Collected, analyzed, and integrated international policy and human rights-related data using Excel, composed weekly research reports and policy briefs over three months, proposed evidence-based policy recommendations
- Assisted in organizing videoconference and business summits online, sent surveys after each session for attendees' feedback

Thousand Acres LLC.

Marketing Intern 06/2024 - 09/2024

Routine Responsibilities:

- Conducted market research based on data from Florida Farm Bureau, identified industry trends and competitor information by researching leading companies, and provided references for optimizing marketing strategies
- Engaged in daily marketing operations, including regular content creation across social media accounts, customer communication and campaign planning
- Liaised with mid-sized local supermarkets targeting middle-class consumers to negotiate preorder volumes in advance and to determine inventory requirements, followed up on project progress, analyzed performance data and customer satisfaction to suggest adjustments to the marketing plan

2024 The Global Produce & Floral Show, organized by the International Fresh Produce Association:

- Assisted exhibitors in setting up a booth presenting new offerings, such as exotic fruits and flowers, fostering connections between suppliers, retailers, and buyers, while gaining hands-on experience in event coordination
- Filmed promotional clips during the exhibition to enhance brand exposure and customer engagement

CINO International, Inc.

06/2025 - 09/2025

Marketing Intern

- Assisted in developing and implementing marketing strategies for real estate property management
- Wrote marketing copy and promotional materials tailored to diverse customer groups, published promotional videos on social media platforms to strengthen brand visibility, foster stronger client relationships and attract potential customers
- Supported promotional activities by communicating with clients in person and through messages, accompanied sales staff in their daily property tours of five to six apartments, ensuring effective communication of property features and alignment with customer needs
- Collaborated with the marketing team to track campaign progress to adjust marketing plans

ACADEMIC PROJECTS

Aman Hotel– Atlanta, GA | Group Project

03/2025 - 06/2025

Award: Gold in Hospitality Interior Design/Hotels/Resorts, The International Design Awards (IDA) 2025

- Conducted hospitality market research and guest satisfaction surveys, complemented by competitor analysis, market positioning, and consumer behavior insights, examined key factors including guest experience touchpoints, dining trends, occupancy rates, pricing strategies, etc, analyzed trends like sustainability and technology integration, covering features like booking behaviors, mobile check-ins, smart room controls, eco-friendly practices, and cultural immersion
- Developed a comprehensive bistro with a dining concept that integrates Aman's philosophy of timeless design and luxury
- Created detailed concept development, space planning, and renderings to capture a serene, minimalist, and nature-inspired guest experience
- Produced presentation boards, menus, and branded collateral to support the project's identity and guest journey

The LEGO Atlanta Office | Interior Design Project

01/2025 – 03/2025

Supervisor: Professor Kirkpatrick

- Conducted extensive preliminary research on LEGO's company profile, including organizational type, employee demographics, and operational needs to inform a tailored design project that emphasized flexibility, modularity and an inspiring workspace for creativity and interdepartmental teamwork
- Developed conceptual diagrams such as parti diagrams, bubble diagrams for functional zoning and layout and technical drawings such as base building plans, and volumetric sketches to visualize spatial dynamics, material applications, and user flow
- Calculated occupancy loads to meet safety standards and optimize space utilization
- Presented a cohesive and original design proposal that balanced aesthetic innovation with practical functionality

Egyptian Embassy Interior Design Program

06/2024

- Conducted site analysis and evaluated existing outdoor landscape conditions at No. 2 Ritan East Road, Beijing, and translated project presentation materials from Chinese to English for the project briefing
- Coordinated with multiple departments, including Cultural Affairs, Administration, and facilities, to gather requirements regarding the institution's cultural identity, public image, budget and safety standards, set decorating priorities, and adjusted design proposals accordingly
- Designed and formatted PowerPoint presentation decks to enhance visual clarity and brand consistency, and improved the overall aesthetics and flow of presentation materials through graphic layout optimization
